

- **Make natural compost in days**
- **Includes humic acid, biochar and microbial booster**
- **Amazing garden results naturally**
- **Increases soil microbes**

Non-Plant Food Ingredients

Soil Amending Ingredients- Guaranteed Analysis	
Mixture of Microbial and Fungi Strains.....	0.055%
Glomus aggregatum.....	6.4 CFU/g
Glomus mosseae.....	6.4 CFU/g
Glomus intraradices.....	6.4 CFU/g
Glomus etunicatum.....	6.4 CFU/g
Bacillus subtilis.....	100,000,000 CFU/g
Bacillus megaterium.....	100,000,000, CFU/g
Humic Acids (derived from leonardite).....	14.20%
Wood biochar	20.42%
Total other ingredients	65.325%

PURPOSE: Humic Acid may increase or enhance micronutrient uptake. Biochar is a carbon source structure for supporting soil microbiology. Microbials may improve nutrient release and efficiency.

DIRTBOOSTER™ GENERAL INFORMATION:

DirtBooster is used to create compost that can then be added to any garden. Most find that once added they need ZERO additional fertilizers for amazing results. Watch the VIDEOS for detailed instructions at DirtBooster.com

WHAT'S INSIDE...

DirtBooster contains Humichar® which is a 40/60 mix of Humic Acid and BIOCHAR (black particles). The microbes will digest and turn into naturally released nutrients. This process works best when temps are over 70 degrees.

DIRECTIONS FOR USE:

STEP #1 - Prepare

This process should be done when temps outside are 50°F or warmer, so microbes are able to activate. For best results start with composted manure from your local garden store. Regular soil can be used but results may not be as good. It is important that the bags of composted manure are not cold. (Pro Tip: Let your composted manure or soil bags sit in the sun for a few hours before using.)

STEP #2 Build Your Pile

Create your pile by layering composted manure and then a light layer of Dirt Booster. Repeat until you have desired amount, using approximately 1/3 bags of Dirt Booster per bag of compost. Then, wet the pile lightly with a hose and allow it to sit for 5-10 minutes before mixing the pile thoroughly and shaping it into a pyramid. At this time, the entire pile should feel moist but not wet.

STEP #3 Wait

Let your pile sit for 2-3 days. Within 24 hours it will start to activate, or “heat up.” Once this happens, gently mix and lightly spray with water, then allow pile to continue sitting. During this process you will see a white “fungus.” This is good and a sign that your pile is ready to be applied.

STEP #4 Apply

Mix your pile into your garden soil before planting or apply around the base of plants if it is later in the season.

DIRECTIONS FOR APPLYING TO LAWNS

One 20 lb bag of Dirt Booster will cover roughly 4,000 – 5,000 sq ft. Set your broadcast spreader so the opening is roughly 3/16” and apply. Water in thoroughly after application.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER AND LIMITATION OF LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. To the extent consistent with applicable law, it is Manufacturer's intent to LIMIT ANY LIABILITY FOR SPECIAL, CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES to refund of purchase price or replacement of product, at Buyer's choice. To the extent consistent with applicable law, Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS. Use contrary to label directions is not permitted.

LEGAL RIGHTS:

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS; YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION.
