10.00% Water Soluble Nitrogen	
Available Phosphate (P_2O_5)	2.00%
Soluble Potash (K_2O)	8.00%
Calcium (Ca)	2.20%
Sulfur (S)	2.70%
2.70% Combined Sulfur (S)	

Derived from: Soy protein hydrolysate, potassium sulfate, potassium humate, phosphate rock, Kelp Extract* and potassium hydroxide

* Extracted with the Potassium Hydroxide

ALSO CONTAINS NON-PLANT FOOD INGREDIENT

Soil Amending Ingredients	
Humic Acids (derived from leonardite)	1.30%
Total Other Ingredients	98.70%

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.regulatory-info-ap.com>

Purpose: Humic acid products may increase the uptake of micronutrients.

Apply only to actively growing turf. Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only onto your lawn, and sweep any product that lands in the driveway, sidewalk, or street back onto your lawn. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

In states with phosphorus restrictions, including but not limited to MD, NH, NJ and VA, this product is only for nonagricultural use on (1) turf during its first growing season, (2) on turf area being repaired or renovated, and (3) on turf where a soil test indicates a phosphorus deficiency.

In Maryland, this product is providing nutrients in accordance with a soil test that was conducted by a laboratory identified under 8-803.7 of this article and performed no more than 3 years before the application.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER AND LIMITATION OF LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. To the extent consistent with applicable law, Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS. Use contrary to label directions is not permitted.

LEGAL RIGHTS:

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS; YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION.

Product of U.S.A.

Manufactured by: The Andersons, Inc. | P.O. Box 119 | Maumee, Ohio 43537

DIRECTIONS FOR USE

SMALL AREAS (INDOOR OR OUTDOOR) (less than 10 square feet)

Using a watering can, apply every 7-14 days while plants are actively growing.

1. Fill supplied scoop (TBSP) twice.
2. Mix with ½ - 1 gallon water and apply to the desired area or plant.

LARGER GARDEN AREAS

Using a hose-end liquid sprayer, apply every 7-14 days while plants are actively growing.

1. Make a concentrated liquid by mixing ½ cup of this product into 1 quart of water (or 2 cups into 1 gallon of water). Note that solubility is faster with warm water.
2. Allow mixture to settle for 10 minutes while the organic components activate, then stir or agitate the mixture.
3. Apply mixture at the following rates:
 - 1 quart will treat up to 250 square feet of garden, turf or other plant area.
 - 1 gallon will treat up to 1000 square feet of garden, turf or other plant area.

If using The Andersons hose-end sprayer, product will spray in 2 ½ - 4 minutes depending on water pressure.

This product can also be added to water-soluble feeder-style sprayers and applied without pre-mixing.

After application, there may be small amounts of residue at the bottom of the container, please rinse your container and empty into your garden or turf area.
